Dear Sir/ Madame

Re: Reference for Rolandas Petraitis and Snieguole Sliogeriene

Mr. Rolandas Petraitis and Mrs. Snieguole Sliogeriene have been our head builders for approximately 5 years and have excelled at every stage. Having completed two large timber frame houses, they had moved on to build a large garage for us and continues to manage a labour force that regularly attends to our properties.

They are exceptional workers and very honest which is greatly appreciated. They have a good concept of construction have been in the trade all they life.

I would highly recommend them to anyone interested in honest work at a fair price. I trust that the information and help will be of service.

Yours sincerely,

Alexander Willink
